ORGANICS

green promise

OUR MISSION & OUR PROMISE

Essanté ORGANICS' global mission is to create a positive impact on the planet & in people's lives through the much needed education & use of our 100% certified Toxic Free™, organic & wild crafted products.

Our mission is to partner & build deep, memorable experiences with our Executives & Customers in order to help everyone **LIVE FREE. CHEMICAL FREE AND/OR FINANCIAL FREE.** We promise to create & offer the finest quality of 100% certified Toxic Free™ and organic products that deliver superior results.

OUR WELLNESS PHILOSOPHY

Left: Essanté ORGANICS Founder & CEO, Mr. Michael Paul Wenniger
Right: Essanté ORGANICS President, Dr. Jonathan James Levine, D.C.

In 2009, a group of health care and business professionals, with a passion for the life enhancing benefits of organic products, came together with a commitment to create a new standard of GREEN LIVING for the world. Their moral compass pointed to one thing; delivering 100% chemical-free and organic products that would fit into every family's lifestyle; from those who knew nothing of the green way of life, to those considered experts in the field. This leadership team focused on critical criteria:

- Provide the world with new, powerful, 100% certified Toxic Free™ & organic daily-use products.
- Source, test & manufacture the purest & highest quality products, with superior efficacy
- Partner with doctors, scientists, researchers & wellness leaders to provide products that deliver instant clinical results
- Create a superior pay plan with a mainstream approach, allowing everyone to go green & prosper organically
- Pay our Executive Sales Force more income than any other company in our industry

A resounding conclusion was reached. With hard work & the joint commitment of others with equal passion & vision, they created a new paradigm for a healthier way of life, freeing the world of toxic chemicals one household at a time. With that conviction, Essanté, which means "The Essence of Total Health," launched with laser focus, bringing green living to the world through their Executives, web presence, product line & educational platforms. Essanté ORGANICS pledges to continue to develop 100% certified Toxic Free™, organic & wild crafted products, through the latest organic technologies.

Essanté ORGANICS vows to lead the green global paradigm shift. Being ahead of the green way-of-life, before it becomes a way-of-life, allows Essanté ORGANICS to partner with you and be the best at one thing; our mission:

PROVIDING 100% CERTIFIED TOXIC FREE™, ORGANIC & WILD CRAFTED PRODUCTS TO IMPROVE LIVES & ENABLE PERSONAL PROSPERITY.

Earth Greens Powder or Capsules

5.5 lbs. of alkaline vegetables per serving!

It was common for our ancient ancestors to eat 6 pounds of vegetation a day.

Imagine eating a grocery bag of greens daily, in the time it takes to drink a glass of water. Have you had your 9 servings of vegetables today? Only 5% of us do... UNTIL NOW! Enjoy the health benefits of 5.5 POUNDS of live, raw, green, organic, alkaline, whole food, nutrient dense vegetation in every serving of Organic Earth Greens. The powerful ionic charge allows our greens to micro-cluster to your cells for superior bioavailability. Our bodies absorb nutrition most effectively from organic whole foods. Organic vegetation naturally co-factors all necessary vitamins and high-frequency minerals.

Co-factoring is the single major support to nutritional absorption. Over the counter vitamins & minerals may have absorption challenges. Dr. J.J. Levine, President of Essanté ORGANICS, says, "I've seen 1000s of low back x-rays & most times, I'm able to show my patients their unabsorbed vitamins, in their x-ray. The hard vitamin went in one end and is exiting out the other, thus they're wasting money."

Alkalize, energize, cleanse & nourish your cells with:

- Vitamins, minerals, & amino acids
- Enzymes, chlorophyll, & electrolytes
- Iron & calcium
- Potassium, magnesium, & phosphorus
- Plant enzymes and antioxidants

Clinical studies show ingredients:

- Improve digestion
- Aid in elimination, reduce cholesterol
- Regulate blood sugar
- Promote weight loss

Essanté ORGANICS Earth Green's ingredients neutralize acid & put the body's pH back to its ideal more alkaline state.

100% ORGANIC ACTIVE

INGREDIENTS: Barley Grass, Alfalfa Leaf, Wheat Grass, Spinach, Aloe Vera, Kamut Grass, Parsley Leaf, Lemon Grass, Kale, Spearmint Leaf, Broccoli, Cabbage, Peppermint Leaf, Celery, Dandelion Root.

Supreme pH Drops

12 Drops For Perfect pH!

The Simplest Way To Alkalize! Add Supreme pH Drops to all beverages to instantly and dramatically increase the pH level of your beverages as well as your body's overall pH level. What's your favorite number? It might be 7.365 after you read this! Is healthy pH balance really important? You decide. An aquarium without proper pH balance is hazardous to the fish. Soil without proper pH causes plants to wither by keeping them from processing nutrients. The same is true for all organic matter including your human body. NOW you're just 12 drops away from PERFECTION. PERFECT pH for humans is 7.365. Use Supreme pH Drops, take them everywhere you go, to balance the pH level of every beverage you consume PLUS you'll balance your body's pH too. After all, we are 70% water, just as the earth is. If our water is acidic, as opposed to pH balanced or alkaline, it can create an environment where disease can grow. pH balancing your body is vital because according to the Consumer Health Organization humans need alkaline pH levels to live a healthy life. Your cells have a better opportunity for health if they are floating in a healthy pH or alkaline environment. Add 12 drops of Essanté ORGANICS Supreme pH Drops to help release oxygen molecules within water for easier absorption, assist in neutralizing acidity, and raise the pH value of all of beverages & in turn your body. Measure your pH levels and see your results by adding pH Test Strips to your order today (see below).

pH Test Strips

SEEING IS BELIEVING. MEASURE & MOTIVATE:

If you are using or selling pH products, shouldn't you test your and your customer's pH level? You'll be shocked to discover most people are highly acidic.... and once this discovery is made.... the products in this catalog are the solution. It's been scientifically proven disease has a more difficult time surviving in an alkaline environment and thrives in an acidic environment.

PROOF POSITIVE:

Simply tear about 2 inches of thin pH paper of (f) the spool and test saliva or first urine stream. These test strips come with a pH measuring scale/color spectrum, so the test results are immediate! See where you or your customers fall on the spectrum. It's time to know exactly how acidic (yellow) or how alkaline (dark green 7.365) you and your customers are.

Get Fat!

With Omega 3,6,9 Vital Oils

FAT IS YOUR FRIEND...

A healthy adult human is approximately 20% fat. It is a crucial substance. After oxygen and water, fat is the next most important component of a healthy, fit body. Fat is necessary for heart and brain health, building healthy cell membranes, maintaining joint lubrication and balancing hormone production. Fat helps circulation by assisting the blood to run smoothly throughout the entire circulatory system. Fat also helps you to cleanse, pH balance and lose weight because omega fats neutralize acids.

Omega 3,6,9 Vital Oils

The essential fatty acids include Omega-3, Omega-6 and Omega-9. These vital oils provide a wealth of physical support are proven to assist with:

- Increased energy production, strength & stamina
- Brain function & memory support
- Circulatory function
- Cardiovascular health & healthy cholesterol levels
- Blood sugar regulation
- Weight loss and metabolism
- Increased immunity
- Regulating hormone production & balance
- Healthy kidney function
- Balanced emotions & moods
- Normal growth development
- Healthy skin & hair
- Bone health
- Healthy reproductive system

Visit your Essanté Executive's personal website & discover the product of the month! Ask how to own you're own global website. It's easy & rewarding.

Our bodies, however, do not manufacture these critical fats, so we must acquire proper levels through our diet in order to meet our body's health needs. Americans currently consume about 30% of their calories from fat, yet typically they consume the wrong kinds of fats: unhealthy, hydrogenated and trans fats. The good fats, those vital to our health, are referred to as essential fatty acids. We must fulfill our body's requirements by supplementing our diet with these necessary, health-promoting fats.

Organic, Toxic Free™, Wild Crafted, Pure, Potent:

Essanté ORGANICS, a proven innovator in the wellness industry, is committed to sharing only the finest products. Omega 3,6,9 Vital Oils is a blend of organic and wild crafted ingredients specifically formulated to help deliver the optimum amount of these much-needed nutrients in a highly absorbable manner.

D3 & Calcium

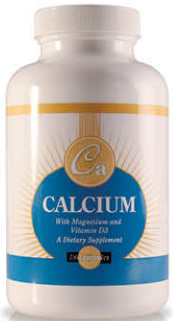

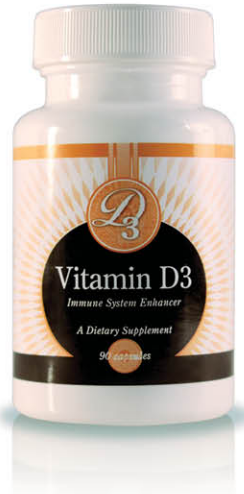

For A Strong Mind & Body

Vitamin D, along with sufficient calcium intake and healthy levels of sunlight exposure, contribute to a balanced, nutrient-rich diet. Research shows it plays an important role in normal immune function, strong bone development and maintenance, muscle strength, regulation of normal nervous system function, normal and healthy development among adolescents, and contributes to normalizing antioxidant levels. It also supports absorption of other important minerals, including magnesium, zinc, and iron.

VITAMIN D & D3; WHY ARE WE DEFICIENT?

D3 is critical to overall immune, brain, bone & joint health yet we rarely get enough of this crucial vitamin because very few foods, outside of fatty fish, naturally contain Vitamin D & D3. Sun exposure is the main source, yet in overcast climates it's almost impossible to obtain the proper amount. Acidosis (pH imbalance) can cause leaching of calcium from bones. When calcium levels are low (often due to insufficient D3) the body produces PTH (parathyroid hormone). This hormone initiates the removal of calcium from the bones; to be used in more important functions including neutralizing body acidity. **Esanté ORGANICS Bio-available D3**, in conjunction with our

Calcium, is essential to drive calcium into the bones, promote normal bone growth & maintain density. Vitamin D is necessary to increase re-absorption of calcium & phosphorous (even adding calcium around damaged joints in people who suffer with gout or rheumatoid arthritis). Scientific evidence supports that vitamin D3 plays an important role in controlling various autoimmune disorders. Studies show a high prevalence of MS in adults and autism rates in children in areas of the world that receive a low amount of sunlight (possibly linked to vitamin D3 deficiency).

Bath & Body

Vitamin C Cleanser

Vitamin C Cleanser is a rich, creamy, pearlized cleanser that gently removes all pollutants, make-up and dirt. It leaves skin luminous, soft, refreshed, pH balanced, and feeling healthy. Vitamin C Cleanser aids in accelerating the body's rejuvenation process by maintaining a healthy acid/alkaline balance. Remove toxins, soothe inflammation, and facilitate healthy new tissue growth every time you cleanse. The natural electrolytic ingredients restore, regenerate, and balance your skin cells. It is healthy for all skin types and aids in removing the bacteria that causes acne and other skin conditions.

Essanté ORGANICS **Citrus Body Butter**

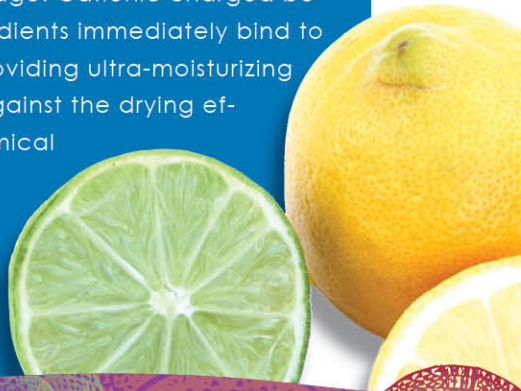

100% certified Toxic Free™ and organic Citrus Body Butter deeply moisturizes even the driest skin and lasts all day. Thick, rich Citrus Body Butter clinically delivers softer, smoother, younger looking skin with regular use. Ideal for the entire body, especially hands, feet & elbows. Apply over rough or dry skin after showering or bathing. A little goes a long way because our creamy Citrus Body Butter is loaded with organic amino acids, vitamins, minerals and peptides, which deliver superior nutritional support for renewed, healthy skin.

Essanté ORGANICS

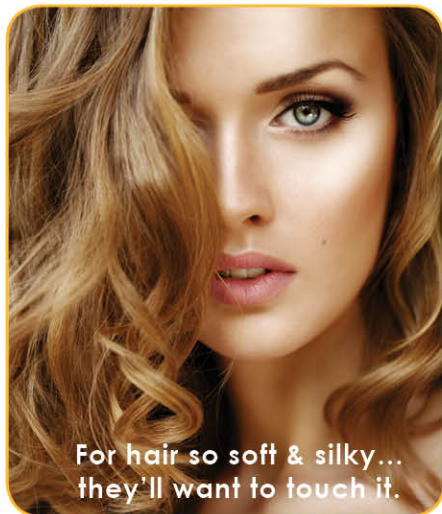

Lemon Lime Shower, Bath & Hand Gel

This gentle 100% Certified Toxic Free™ & organic botanical cleanser washes away pollutants while skin is soothed, moisturized and protected against free radical damage. Cationic charged botanical ingredients immediately bind to moist skin providing ultra-moisturizing resistance against the drying effects of chemical additives in water.

Essanté
ORGANICS **MangoBerry™**
Shampoo Concentrate

Everyday abuse of hair, due to coloring, perms, ironing, drying & using chemical treated water or toxic products, can cause severe damage. These treatments block the hair follicle itself, creating problems including hair thinning, hair loss, dryness, breakage and skin disorders.

For hair so soft & silky...
they'll want to touch it.

100% certified Toxic Free™ & organic MangoBerry Shampoo Concentrate can help unblock clogged hair follicles, moisturize the hair, and keep the scalp free of bacteria and fungal problems.

While there are many anti-fungal and bacterial soaps/shampoos on the market, this shampoo offers a natural alternative with certified organic ingredients.

- Help unblock clogged hair follicles
- Moisturize and restore pH balance
- Eliminate scalp bacteria and fungus
- Treat dandruff, eczema and psoriasis
- Detangle and cleanse
- Increase shine, volume & body

Leave-In Conditioner Concentrate

Leave-in nutrition you don't wash out

This 100% certified Toxic Free™ and organic leave-in repairing Hair Conditioner for wet and dry hair. Richly satisfies today's sophisticated consumer, especially those searching for visible, touchable results. This pH balanced, highly effective conditioning treatment moisturizes, nourishes, detangles and repairs the hair, scalp and skin. Experience the difference as you moisturize and condition your hair with organic oils, nutrients, amino acids, vitamins and botanicals.

Recommended for normal color-treated, graying, or chemical-treated hair. Recommended for seborrhea (dandruff), psoriasis and other unhealthy scalp conditions.

CLINICAL STUDIES SHOW THIS HIGH PERFORMANCE, CONDITIONING TREATMENT:

- Normalizes scalp function
- Strengthens individual hair shafts
- Smooths frayed hair cuticles & detangles
- Repairs split ends and damage
- Restores cellular balance
- Restores luster, shine and thickness
- Moisturizes and tones hair
- Is 100% certified Toxic Free™ & organic

NaPCA PLUS Hydrating & Stress Reducing Mist For Hair & Skin

NaPCA PLUS delivers pH balanced toning and anti-aging benefits while invigorating skin & hair with ultra hydrating moisture magnets and antioxidants. This product literally attracts moisture from the air into your skin & hair. Also known for having an instant calming effect, successfully minimizing anxiety & stress. Important to use throughout the day to enliven, tone & moisturize your skin and hair, as they are exposed to heat, sun, drying winds, heaters/ air conditioning, chlorine treated water, blow dryers, irons, etc. Shown to significantly hydrate & reduce anxiety in pets too.

Sparkle Tooth Polish:

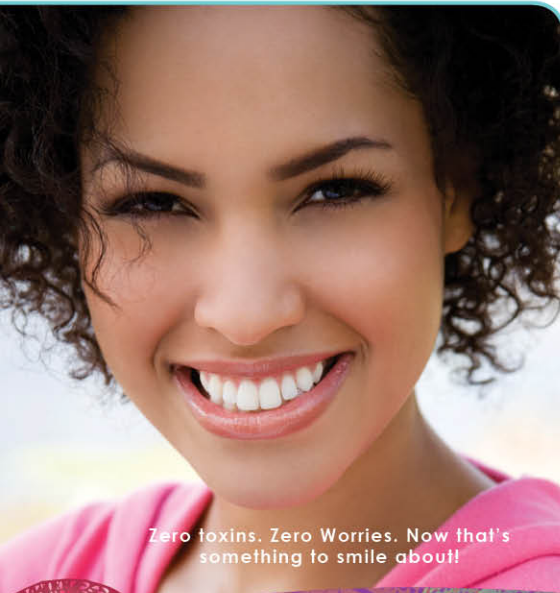

"Before I started using Essanté ORGANICS Sparkle Tooth Polish I had a lot of tarter build up that had to be removed every time I visited the dentist. Now, after using it, at my most recent cleaning, I hardly had any tarter! The dentist asked what I did differently. I LOVE it! I won't use anything else. And one BIG PLUS it's 100% certified Toxic Free™!" ~ Debra B.

Protect your beautiful smile organically! Sparkle Tooth Polish is a safe, fresh-mint tooth polish that gives you a beautiful, protected, sparkling, clean, bright-white smile & you'll enjoy ultra-fresh breath. Unlike other toothpastes that contain Sodium Lauryl Sulfate, a cheap foaming agent proven to cause respiratory failure and toxicity, Sparkle Tooth Polish is pure & healthy. It delivers 100% peace of mind each & every time you & your family brush. This powerful polish is an antibacterial and that's great news, considering university studies conclude bacteria in the mouth is directly linked to heart disease, gingivitis, tooth decay & bad breath.

PROVEN TO KILL BACTERIA THAT CAN CAUSE:

- Heart Disease
- Tooth Decay
- Gingivitis
- Bad Breath
- Tarter
- Plaque

Zero toxins. Zero Worries. Now that's something to smile about!

You'll enjoy more peace of mind as your child also enjoys these products: Laundry Liquid, Sanitizer & Tooth Polish (pages 23 , 27, 29).

Baby Wash for Hair & Body

Keeping them safe from harm

100% certified Toxic Free™ and organic foam for baby's hair & body. No tears & more bath time fun! Gentle, soft, foaming suds quickly & easily cleanse baby's hair & skin. Mother Nature agrees, this is the safest, healthiest, most gentle product line for babies.

A little puff of foam can be used in any of these ways:

- Apply to wet hair and skin. Rinse.
- Apply to dry hair and skin. Remove with damp cloth.
- Add directly to bath water.
- Apply to skin after each diaper change. Remove with cloth.

Certified Toxic Free™ Ingredients

Laundry Liquid Concentrate

Essanté ORGANICS Laundry Liquid Concentrate is safe for HE machines, delicate fabrics & baby clothing. 1 TBSP. of Essanté ORGANICS powerful, plant-based ingredients loosen & magnetize the toughest stains away, without weakening or fading fabric. 100% Toxic-Free™ Laundry Liquid is tough on oil, food, grease, sweat & soil/grass stains yet easy on you; it's hypoallergenic & safe for sensitive skin. Cleans up to 32 loads of laundry.

*R*est easy knowing your household is sleeping in bedding, wrapping themselves in towels & wearing clothing free from harmful toxins found in many detergents on the market. Contains no phosphates, ethoxylated detergents, xeno-estrogens, chlorine, optical brighteners or other harmful chemicals.

Safe for HE & all machines

Thanks for ordering this & all Essanté ORGANICS products. You are doing your part by NOT contributing to the indoor & outdoor environmental pollution of the water & soil shared with all living beings.
