- The personal care industry is self regulated
- Companies legally increase profit by using cheap, toxic chemicals, proven to *harm* the consumer
- **Carcinogens, neurotoxins, hormone disruptors**
- What goes on the skin goes into the bloodstream in seconds

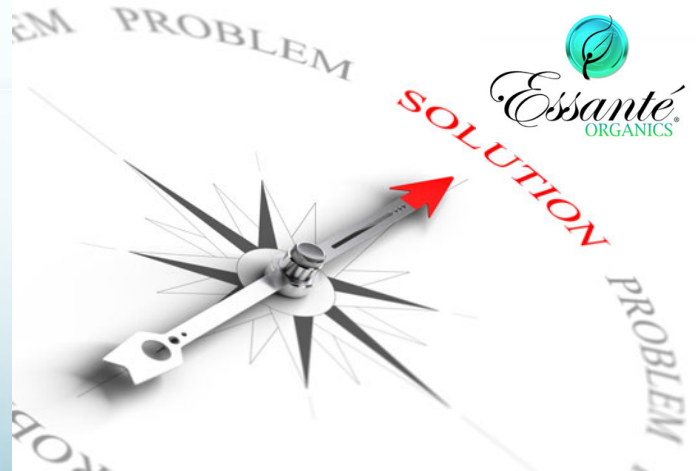

Solution

Take a Moment

Think about *all* the products you & your loved ones use *every single day*:

- Toothpaste
- Body Wash or Soap
- Shampoo & Conditioner
- Deodorant
- Laundry Detergent
- Vitamins

What if you could replace those highly toxic products with ToxicFree® products guaranteed to work BETTER?
